The MLB Wholesale Wire

October 26, 2026

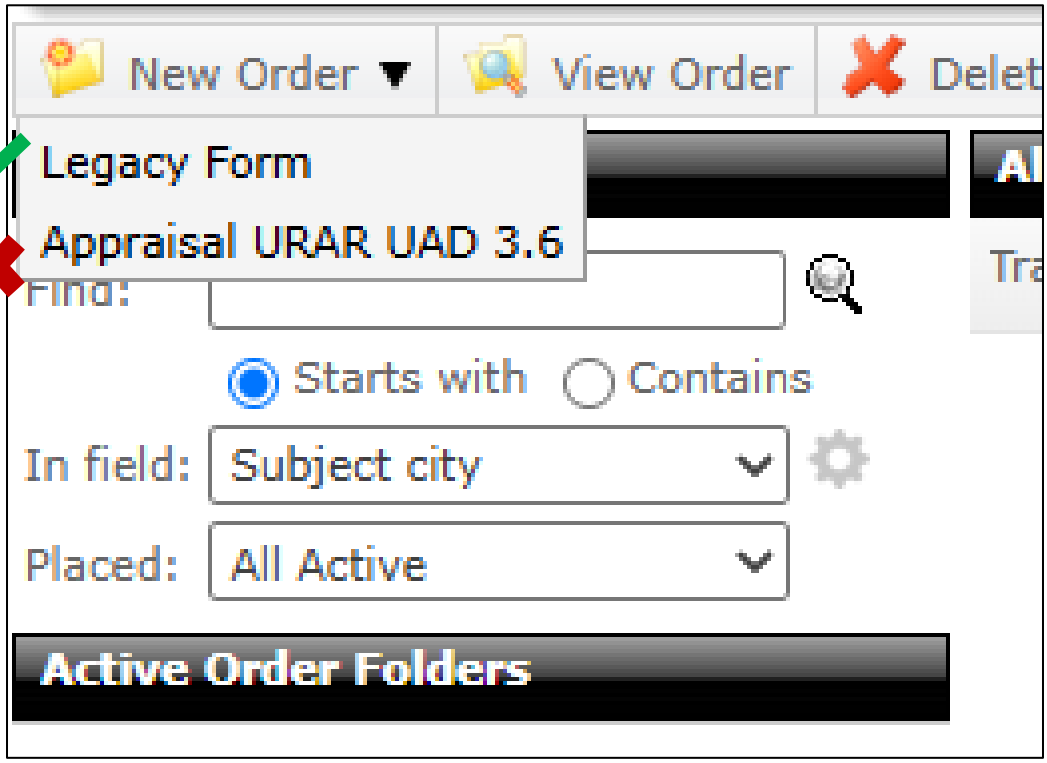

Appraisal Order Type: Legacy vs UAD 3.6

When an appraisal order is placed in the Mercury portal – the first question the user must answer is regarding the appraisal type and the **correct answer is LEGACY**.

ONLY Legacy appraisal orders can be delivered to MLB.

Any orders not placed as Legacy will need to be cancelled and reordered correctly.

👉Please note: UAD 3.6 orders cannot be converted to Legacy.

In preparation for the mandatory migration to UAD 3.6 format on May 20, 2027, MLB is currently working with the AMCs to deliver the new format.

We will issue an updated MLB Wholesale Wire when that upgrade has been completed, tested, and live.
