Appraisal Delivery Assistance

Another way MLB is Making Lives Better.... Appraisal Delivery Assistance!

Great news! If you'd like MLB to take care of the "heavy lifting" for completed appraisal documents on your Brokered loans, just add ClientServices@MLBmortgage.com for additional notifications when placing your appraisal order in [MLB's Mercury portal](#).

Once the appraisal is complete, our Client Services team will happily upload the appraisal and related appraisal documents to the loan file and email the XML to the MLB Account Manager—helping make the process smoother and easier for you!

👉 Please note: This convenient service does not include a prior review of the appraisal.
